

Safer  
Internet  
Day 2018

Tuesday  
6 February

## Safer Internet Day Competition

The Digital Leaders of St Francis have been hard at work creating a competition for you. As online safety and behaviour is so important now and for our futures, the Digital Leaders would like you to design a phone or tablet case helping others to remember the key messages when going online.

The design should include one of the following areas:

- How to be safe online
- How to show respect to other people online
- How to enjoy being online
- How to keep each other safe online

Your competition entry should be given to a Digital Leader or your class teacher by Tuesday 6th February for judging. The winner will have the opportunity to create their design in digital form and have it printed onto a phone or tablet case!
